REFERENCE: YEAR-END REPORT (07/01/2015 - 12/31/2015)

Dear Mr. Jones,

This statement is in response to the Commission's letter dated January 19, 2017, requesting additional information on one item. We thank you for providing the Committee this opportunity to respond.

The Commission requested that the Committee amend Schedule E of the above-referenced report by providing the state of election for two independent expenditures. The necessary additional information related to those expenditures has been provided on the Amended report being filed concurrently with this response.

With respect to one of the independent expenditures, the amended Schedule E indicates plainly (in the "purpose" field, because of limits in reporting software) that the expenditure related to an online presidential primary communication disseminated nationwide. The disbursement was not geographically limited to, nor otherwise able to be definitively allocated toward, any particular state's primary election. Although not an issue with respect to the above-referenced report, the Committee wishes to reiterate that - as stated in its October 1, 2015 submission to the Commission - in the spirit of public disclosure, it chose to report all of its nationwide activities in connection with the 2016 presidential election upon reaching the \$10,000 threshold for purposes of 48-hour reporting.

Please let us know if you have any further questions.
